***** While we need help in all of our events, the Tough Kids Challenge is our BIGGEST event, and our most labor intensive, with the TKC volunteers constructing and setting up the entire course! If you can help out in any way (extra muscle is always needed) it is the only way to make this successful!! This event helps bring in approximately \$20,000 and is an event we would like to see continue. Remember . . .**

"Many hands make light work!"
